

Spares Policy 2020-2021 Season

NOTE: The Board of Directors has amended Priority 4 of the Policy governing spares for the 2020-2021 season. This amendment aims to maximise the Centre's profitability in the short term. Your strong involvement in the Centre is much appreciated and we count on your loyalty for the 2020-2021 season.

This policy promotes membership diversification, an essential goal towards the long-term sustainability of our not-for-profit organization. Encouraging non-members to spare affords them the chance to visit Curling des Collines, use the facilities, experience our bilingual ambiance, and consider membership. A priority has been assigned to each spare category. Hence, the category with priority 1 has precedence over categories with priorities 2, 3 or 4 and so on.

Priority Category

- 1 Member-Spare On-Bye:** This category takes first priority in order to permit members to spare in their own league when their team is on bye. There are no fees to spare. Curling des Collines prioritizes Member-Spares On-Bye. League players on bye should be contacted and offered the opportunity to spare.
- 2 Non-Member Spare:** Fee of \$100 for the season, with a limit of 10 replacement games. This payment permits the spare to replace in any league and to access practice sessions. The spare's status will be indicated on the Spares List. After 10 replacement games, this spare will pay the \$15/game fee paid by an Occasional Non-Member Spare (Priority 3, below)
- 2 Non-Member Associate* Spare:** Fee of \$125 for the season, with a limit of 10 replacement games. This payment permits the spare to replace in any league and to access practice sessions. The spare's status will be indicated on the Spares List. After 10 replacement games, this spare will pay the \$15 fee paid by an Occasional Non-Member Spare (Priority 3, below).

**Associate: A curler who is not a member of a curling club in Quebec, wanting to participate in a Quebec tournament. The additional \$25 fee covers the cost of Curling Québec affiliation fees.*
- 3 Occasional Non-Member Spare:** Fee of \$15 per game for all leagues. This refers to curlers who are not frequently available but who can, from time-to-time, stand in to ensure a scheduled game gets played. If a league with 9 teams needs spares after all Member-Spares-on-Bye have been assigned to teams, these spares will pay the \$15 fee to play.
- 4 Member-Spare:** Fee of \$10 per game for all 2-hour leagues and \$5 per game for all one-hour leagues.
